BIRTH OF LEAGUE
ACCLAIMED BY
BRITISH PRESS

Daily News Calls for Loyalty To It Even If Scheme "Touches Ireland."

LONDON, Oct. 14.—The entire London press, with the exception of the Morning Post, to-day acclaimed the birth of the League of Nations, in commenting on the meeting yesterday of the union formed to promote the League.

Discussing the League as a business venture, the Daily Telegraph declares it is certain to be difficult, but hopes that Britain will work for its success. The Daily News urges devotion to the new international scheme, asserting Britain must be loyal to the covenant, even if Article XI touches Ireland.

[Article XI deals with international relations "which threaten to disturb either the peace or the good understanding between nations upon which peace depends."]

The Times endorsed Lord Robert Cecil's argument "which threatens to disturb either the peace or the good understanding between nations upon which peace depends." The paper characterizes the Mansion House meeting as "the opening autumn offensive of league apostles who have been proved false prophets."

Pointing out that the British Empire itself was created by a long series of wars, the Morning Post criticizes the league on the ground that it covers an attack on the idea of nationality. The paper characterizes the Mansion House meeting as "the opening autumn offensive of league apostles who have been proved false prophets."

Leon Bourgeois Named to Represent France on League.

PARIS, Oct. 14.—Leon Bourgeois, former Premier and Minister of Foreign Affairs and French member of the League of Nations Commission of the Peace Conference, has been appointed as representative of France on the Council of the League of Nations. The decree was signed by President Poincaré and Premier Clemenceau this morning.

Michael Mooney, aged sixty-eight, the engineer, was so badly scalded that he died early to-day in his home here.

STOLE 15 PISTOLS, CHARGE.

Police Say Man Robbed Army Base to Have Good Time.

According to the police, Arthur Gent of No. 7234 13th Avenue, Brooklyn, early to-day confessed taking from an army base in Brooklyn fifteen army revolvers and a quantity of ammunition. He was arrested at 3 o'clock in the morning when Detectives Quail and Burke discovered a loaded revolver in his pocket. When they searched his rooms the rest of the arsenal was found.

Gent is said to have told the police he stole the pistols and cartridges with a view of getting money on them so he could have a good time on Columbus Day.
